

ACROSS
LOGISTICS

**ACROSS THE WORLD
AND OVER TO YOU**

HOW CAN WE HELP YOU?

GLOBAL LOGISTIC SOLUTIONS

OUR GOAL IS TO EXCEED CUSTOMERS' SATISFACTION

In a competitive and global market where international have become increasing complex, **Across Logistics'** mission is to provide efficient and effective customized logistic solutions for their customers. We don't concern our clients with problems, we focus on solutions.

Across Logistics advises, organizes and coordinates transport operations, through the application of international commerce laws and with the aim that each merchandise reaches its final destination within the shortest possible time and in perfect condition.

With our team's support your company will reduce costs and eliminate geographical constraints taking advantage of the opportunities that the international markets offer. In terms of distance, at Across Logistics there are no limits, only deadlines.

OUR CREDENTIALS

With the effort, and sustained and commendable work of our team, the most valuable capital of this company, our clients rely on us and on our good job, therefore we are recognized and endorsed by representative authorities in the logistic sector. Year after year, we keep working with the same enthusiasm and determination, so as to offer our clients the best possible service.

WHY ACROSS LOGISTICS?

**BECAUSE
ACROSS LOGISTICS MEANS:**

1. TAILOR MADE SOLUTIONS

Our dynamic team is capable of immediately acquiring SOPs and sending KPIs in a short period. There is always a key contact fully aware of the situation in order to solve problems and make decisions ASAP.

2. INTEGRATION WITH CUSTOMER

For us, information is the key to our business and, for that reason, we offer our customers a wide range of communication possibilities.

3. TIME CRITICAL KNOW-HOW

We have proven experience in delivering time-sensitive shipments.

4. EXCEPTIONAL SOLUTIONS

We are always developing new solutions to create more effective communications and operations. Our willingness is to adapt and discuss needs.

5. NETWORK

In order to meet the needs of all our customers, our global team combines western and eastern professionals.

A man with a beard and short dark hair, wearing an orange and grey high-visibility work jacket, stands with his arms crossed in a warehouse. The jacket has the Across Logistics logo on the chest. In the background, another person in a similar uniform is visible, slightly out of focus. The warehouse environment includes metal shelving and various items.

**IT'S NOT ONLY ABOUT GOING
BACK AND FORTH.
WE OFFER WHAT YOUR BUSINESS NEEDS.**

AIR FREIGHT

Pharma

Negotiating with Port Authorities

WAREHOUSING & LOGISTICS

Taking into account the trade trends being experienced by the global market, the warehouse service has become a key piece in many sectors and companies. For this reason, Across Logistics has expanded this service by increasing our m2 of storage at the most strategic logistical points to offer our customers the best service from an experienced human team.

2

VMI VENDOR MANAGED INVENTORY

We have the ability to integrate with your ERP platform, and seamlessly fill orders from our strategically located warehouses, or onsite at your facility, as an extension of your company.

This can be a streamlined approach to inventory management and order fulfillment. Customer can benefit from our close monitoring of data transmission and data validity, furthermore we have the ability to quickly adapt when customer or supplier business systems change.

1

STRATEGIC WAREHOUSE LOCATIONS

Our warehouses are strategically situated. **We have a global network of warehouses around Europe and Asia** for the storage of all kinds of goods. We can always find and provide a smart, competitive, flexible and dedicated storage solution.

3 DANGEROUS GOODS WAREHOUSES/SHIPMENTS

Our warehouse is fully equipped for all kind of cargo, be it inflammable, corrosive or any other kind. Because safety is our highest priority, our infrastructures rigorously comply with current regulations regarding to these types of products.

4 BONDED WAREHOUSE

Our storage facilities in Valencia are authorized to operate as a Customs Warehouse, offering also Temporary Customs Warehouse (ADT) and a Licensed Premises for Export Goods (LAME) which implies maximum flexibility to importers and exporters.

6

SECURITY
